

CONSUMPTION'S WARNING

Inside facts soon become evident in outside symptoms.—Dr. G. O. GREEN.

There is no disease known that gives so many plain warnings of its approach as consumption, and no serious disease that can be so quickly reached and checked, if the medicine used is Dr. Boache's German Syrup, which is made to cure consumption.

It is in the early stages that German Syrup should be taken, when warnings are given in the cough that won't quit, the congestion of the bronchial tubes and the gradual weakening of the lungs, accompanied by frequent expectoration.

But no matter how deep-seated your cough, even if dread consumption has already attacked your lungs, German Syrup will surely effect a cure—as it has done before in thousands of apparently hopeless cases of lung trouble.

Entered at the Post-Office at Jefferson, Texas, as second-class mail matter.

The failure of crop and low price of spring crop potatoes should not keep everyone from planting a patch of fall potatoes in July or August.

The good stories to be found in "Walnuts and Wine," June Lippincott's Magazine, are apt and timely and compel a laugh even amid the realities.

The war gods are still and peace in sight between Russia and Japan. The victors demand an indemnity of six hundred and fifty million and concession of Port Arthur and Part of Manchuria. The Russians are willing to concede to terms of concession but not the indemnity.

M. J. Fitzgerald, president of Empire Branch, No. 36, National Association of Letter Carriers, has been voted the most popular letter carrier in New York City. The prize offered in the voting contest was a free trip to the Lewis and Clark Exposition, now in progress at Portland, Oregon.

The leading novelette which appears complete in Lippincott's Magazine for June is the newest, and perhaps the brightest, of all the sea stories by the Rev. Cyrus Townsend Brady. It is noteworthy that Mr. Brady is just re-entering the ministry, which he left several years ago for the pursuit of literature. This, therefore, is probably the last tale we shall have from him for years to come.

It recites the romance of a fighting Lieutenant of the Civil War and Southern girl who could almost discount him in bravery. Their adventures, terminating in the right kind of a match, are varied through all the episodes of a sea fight, imprisonment, and escape; and they are enveloped in the picturesque local color which Mr. Brady never fails of creating.

The New Terrell Law and the New State Banking Law, are now ready in pocket form, separate pamphlets. Single copies 25c per copy; 10 copies 20c per copy; 25 copies 17c per copy; 50 copies 15c per copy; 100 copies or more 12c per copy. Delivered to any part of the state. Everyone should have a copy of these important laws. THE STATE PRINTING CO., Austin, Texas.

Visit of Members of M. K. & T. Land Bureau.

On Friday, June 9th, our citizens entertained the officials and visiting members of M. K. & T. Ry. Land Bureau, who spent a few hours in the city on their return from the picnic and barbecue given that day at Lanier by the truck growers in their honor. The members expressed themselves as highly pleased at the display of fruit and vegetables made by the truck growers.

They arrived here over the J. & N. W. Ry. about 7:00 p. m. and after a short rest at the Excelsior, the entire party were escorted to the city park, where they were met by a large crowd of citizens, and ladies. County Judge T. D. Rowell made them a welcome address with response by Judge A. E. Craver, of Bartlesville, I. T. Then sumptuous refreshments were served to all; after that Hon. L. S. Schluter made a talk, and Wm. Gordon Jones of Kansas City, followed with a few remarks. Judge Craver the proposed a vote of thanks from the visitors for the reception which had been unexpected by them and was highly enjoyed by the Bureau. Capt. Geo. T. Todd made some remarks in behalf of the city as mayor-pro-tem. After this the young people took the platform and dancing was indulged in with music by Walker's string band.

The entire party left on M. K. & T. at 12:45 for Dallas. The names of all visiting party that we could secure were:

This trip of the members of the Land Bureau of the M. K. & T. Ry. is for the promotion of immigration to the territory along the railway system, and we trust their visit to this section will tend to give us more immigration.

Among other visitors here were H. M. Skelton, president of the J. & N. W. road, and wife.

Photographers Corti and Parker took a number of views of the party and exhibits at the picnic.

RULING ON PENSIONS.

Widows Married After March 1, 1866, Are Not Entitled.

Controller J. W. Stephens has issued the following notice:

Austin, Tex., June 5.—To county judges: I beg to call your attention to an excerpt of an opinion rendered at my request by the attorney general of the State, which is self-explanatory, as follows:

The Twenty-ninth Legislature did not, so far as I can learn, pass any law to extend the benefits of the act of May 12, 1899, to indigent widows of Confederate soldiers or sailors who were married after March 1, 1880. The constitutional amendment is not self-executing. It merely authorizes the legislature to grant such aid and, therefore, I advise you that your department has no authority under existing law to grant pensions to such widows who were married after March 1, 1866, though prior to March 1, 1880.

Respectfully,
J. W. STEPHENS,
Controller.

To Junior Leaguers.

Another Road Assured.

The following dispatch to the Dallas News from Marshall announces the "assurance" of another road through Red River county. Just what portion of the county to be penetrated by this line will be announced as soon as the rails are spiked to the cross-ties:

"Capt. L. W. Lloyd, vice president and general manager of the Gulf, Texas & Northern Railroad, stated this morning that the surveying corps of the new road, which will run from Red River near Paris, through Marshall to Sabine Pass, is now in the field, and that one corps is at work between Pittsburg and Coffeyville and another north of Pittsburg, and that still another is at work south of this city."

The Gulf, Texas & Northern, now building south from this city will be part of the new road.
